

TECHNOLOGY INTELLIGENCE SERVICE

Low Voltage Drives

Monitor and analyze important trends, gauge market shifts, and make informed business decisions.

Real time access to a continuous flow of research across geographies, topics and application areas:

Flagship Report and Database

Comprehensive report and accompanying database, updated once per service year.

Reports

Deep-dive studies focusing on specific areas of the market.

Insights

Analyst commentary addressing announcements and hot topics throughout the year.

Analyst Access

For prompt responses to urgent and unique questions.

COVERAGE

- Historic base year
- Forecast scenarios showing best and worst-case outlooks
- Power BI and TRAX deliverables for customized data manipulation
- Excel database and PowerPoint insights
- 5-year revenue, unit shipment, and pricing forecasts
- Market shares by region and product type
- Over 36 discrete and process sectors covered

Clients of this Intelligence Service will receive:

Low Voltage Drives Report – Updated once per service year, this report provides detailed, up-to-date qualitative and quantitative analysis of the global low voltage drives market. It covers the market by product type, region, industry sector, form factor, power rating, sales channel, and more. Country-level market data and market shares are also provided.

Low Voltage Drives Intelligence Database – Provides market sizes and forecasts for revenues, units, and ASPs across a multitude of market segmentations, such as by product type and region; includes market shares of leading suppliers

Reports – Three additional topline studies provide analysis throughout the year on larger industry trends and developments impacting the market. 2019 subjects include:

- Low voltage motor control centers
- Materials handling industry
- North American low voltage drive market

Analyst Insights – Blog-style entries provide exclusive commentary on industry events or other developments throughout the year.

Research Coverage

Product Data Detail	Power Rating	Regions	
Compact AC drives Standard AC drives Premium AC drives DC drives Software Services	Single Phase 0.1 - 0.75 kW (0.1 - 1HP) 0.76 - 2.2 kW (1 - 3HP) >2.2 kW (>3HP) Three Phase <2.2kW (<3HP) 2.2 - 7.4kW (3 - 9.9HP) 7.5 - 22kW (10 - 29HP) 23 - 75kW (30 - 100HP) 76 - 110kW (101 - 140HP) 111 - 250kW (141 -335 HP) 251 - 500kW (336 - 700HP) >kW (>700HP)	Americas Brazil Canada Mexico Rest of Latin America United States APAC China India Oceania South Korea Taiwan Thailand Rest of Asia Japan	EMEA Africa Austria & Switzerland Benelux Central & East Europe France Germany Italy Middle East Nordic countries Poland Russia & CIS Spain & Portugal Turkey UK & Ireland
